**Re:** Obtaining a Learner/Driver Education Permit

---

Due to the overwhelming number of complaints from students, parents, and branches I will need you to start providing the Indiana Bureau of Motor Vehicles Document List when instructing students on how to obtain a permit. Please discard all lists of documents your school has put together directing parents how to obtain a permit for their child. You may find the current ID List online at <http://www.in.gov/bmv/3470.htm> to hand out. This will give a detailed list on the documentation they may use and avoid the confusion we are currently experiencing.

Thank you for your time in this important matter.
